

Appalachian Ministry

Newsletter

January 2017

The Appalachian Ministry finished the year with huge success. We sent up 52 loads with an estimated 520,000 lbs. of goods up to the Appalachia Mountains. This included more than 100 boxes of toys plus, Bibles, Jesus Care Bears, and hand knitted stocking caps for the children. Now that we have completed 2016 we are quickly moving into 2017. We have taken our first two loads up to Williamsburg, Ky. We are very blessed to be able to meet some of their furniture needs by taking one truck load of furniture that had been donated.

The most interest we currently have is the new facility we will hopefully be moving into in about three months. This could have not been accomplished without the countless hours of effort by RBA Director, Rev. Tim Millwood. We greatly appreciate his efforts and know that the ministry will grow and more workers will be able to get involved in this ministry with the new facility. We also want to thank Kathy for helping us to put together a WEB page that we will have up and running within the month of February. Hopefully this will help us to spread the word of the ministry and further increase the support of the ministry by allowing people to see who we support and what their needs really are.

We ask you to prayerfully consider what God might be wanting you to donate to support this ministry. If you would like to donate funds to the fuel fund please send your donations to The Rehoboth Baptist Assoc. office marked for Appalachian Mountain Ministry Fund. You will receive a tax deduction form for all of your donations. We thank you in advance for your prayerful consideration.

Love in Christ,

Pete Soots, Appalachian Mountain Ministry Director

**Do to others as you would
have them do to you.**
