

Rehoboth Baptist Association

Appalachian Mountain Ministry, Pete Soots, Director

June 2022

What has happened during the month of June?

Working to get the final orders in for the Back Packs.

Separating paper products for putting into the Back Packs.

Finished cleaning out a house that was given to the ministry to send up to Appalachia.

Helped to pick up coats from several schools where children had left them in the lost and found.

Provided several vets with items to help them get into a house and off of the street.

Finishing up collecting money from churches who participated in the Back Pack ministry

Sent Four loads up to the mountains to help individuals in need with furniture and items for their homes.

Had two teams of youth come in from two churches and provided excellent help to help us rearrange some of the paper products we received.

How can you help ?

Youth teams are welcome to help us work on the paper we have received. Call Pete 478-396-9316 for a date and more information. This is an excellent service project for church youth.

Provide sandwiches and cake or desert for the workers. Call Phyllis for information. 478-396-9065.

Volunteer to help load trucks, or pack items on Tuesdays and Thursdays 8:00 AM – 12:00 PM

Start planning on collecting coats for the fall to send up to the mountains. It will be getting cool to cold in September and October.

Help by donating financial assistance for fuel with the extreme cost increase we are experiencing.

Volunteer to help pack Back Packs to send up to the mountains. Call Pete for information on times and dates and making a reservation to help.

Tell a volunteer thank you for what they are doing to meet the needs of God's children in the Appalachian Mountains.

Serving an awesome Gracious and Loving God

Pete Soots, Director RBA Appalachian Mountain Ministry
