

# Appalachian Mountain Ministry

The Appalachian Mountain Ministry has been richly blessed again this month. We have teamed up with some new sites in the Appalachian Mountains. We have taken our first load to Speedwell, TN. and will soon be taking our first load to Taylor's, S.C., Manchester, KY., Bland, Va., and in August we will be going to Jefferson City, Tn. As you can see the ministry is alive and well and it only due to our churches in the association and the people who pack and load the truck being so faithful to this ministry. We have several drivers who help us drive the loads up there. And we want to thank them for what they do and the time that they put in on the road driving the truck. Last, but not least we want to especially thank all of the people who provide the funds for the truck to make the trips. As we make more trips we also need more fuel in the truck to get us up and down the highway. Been praying for a truck that doesn't burn fuel but you know just haven't been successful yet. But you can always count on God. He is so good; you can always count on Him to come through with your requirements when you remain in His will.

I would ask you to continue to pray for this ministry that we might do God's will in everything we undertake. There are many ministries in the association and they are all very important. Please keep them in your prayers and for the wonderful dedicated folks that work each one of them. If God encourages you to provide funds to this ministry you can do that by sending a check to the Association Office and marking it for Appalachian Ministry Fund.

The Lifeway bookstore has been really helpful to this ministry we have taken more than 1800 Bibles up to the Appalachian Mountains and we are so happy to put God's Holy word in the hands of people that may not otherwise ever have a Bible to read.

May you have a Blessed 4<sup>th</sup> of July. Pray for our troops who are putting their lives on the line every day to keep us free and safe.

Love in Christ,  
Pete Soots, Director RBA Appalachian Mountain Ministry
