October 2020 Newsletter**

This has been a very busy month working on the backpacks for delivery to the mountains. We are roughly 500 bags short of meeting the requirement. A lot of this is due to the COVID and lack of people being able to go out and get items for the bags. We are trying desperately to fill as many bags as we have material to fill however, we are going to be short without the Lord's help. If you would like to provide a bag or more or your Sunday School or group would like to help with the bags, please contact Phyllis Johnson immediately at 478-396-9065. Time is running out and children are going to be disappointed if we cannot get these bags!
